As passionate divers, our motto is "Keep Deep-Stay Safe". As a professional manufacturing company, our mission is to

PRESENT OUR CUSTOMER WITH THE BEST OPTIONS AND SOLUTIONS

DiveDIY Technology (Shanghai) Co., Ltd. is a manufacturer of a wide range of diving, spearfishing and marine rescue products. We started as a Chinese-German joint venture, presenting our customers solutions with products made in China based on German quality control. We are located in Shanghai and Jiangsu, China and we understand your requirements. We speak your language and are aware that good communication is important for long-term cooperation.

Our company's production technology is as follows

- **High Frequency Technology**, mainly used in the production of inflatable products and dry bags;
- **Sewing Technology**, mainly used in the production of all kinds of Bags;
- **CNC Cutting Technology**, mainly used in the production of a variety of aluminum products;
- **Injection Molding Technology**, used in the production of plastic products;
- **Metal Stamping Technology**, used in the production of various blades and metal accessories.

We have also invested in many exclusive product molds, as well as good sourcing resources such as packaging materials.

We are dedicated to provide **one-stop** service, Communication, Quotation, Product development, Customization, Sample prototypes, Production, Custom packaging, Delivery and After-sale service.

What we can do for you?

Competitive pricing is not good enough to keep a long-term relationship.

- We also offer a fast response service and consistent product quality.
- We can customize your logo, color, size, design, and packaging.
- Together we can develop new products and provide many options.
- We commit to short lead time and new products every season.
- Together we can establish a profitable, high quality partnership.
